

## *St Cecilia's Catholic Primary School*

02 September 2021

Dear Parents and Carers

Next Friday, 10 September, we have an exciting incursion visiting our school – SciTech is once again visiting the Pilbara and will be bringing the wonders of Science to our students through engaging, interactive shows with hands-on exhibits, workshops and VR experiences.

Due to a number of interruptions taking place next week, teachers of Kindy and Pre-Primary and Years Four to Six have opted to attend.

The Kindy and PrePrimary students will be attending the *Party Animals* show. This show will ask students to put on their detective hats and examine the clues left behind to 'scientifically' work out which animals were responsible for throwing a party at the school during the night.

The Year Four, Five and Six students will get in touch with their inner ninja in the *Nature's Ninja Show*, observing, trying out and learning from the variety of amazing creatures and plants that use 'ninja skills' to survive in their natural environment.

There is a cost of \$3.50 per student for the incursion. For your child to attend the incursion, please make payment of \$3.50 on the Flexischool website by 3:00pm Thursday 09 September. This payment, when made, gives permission for your child to attend. Students not attending will be supervised in another class. (Note: Students in Years One, Two and Three are not attending.)

Yours sincerely

Mrs Mandy Sheen  
Assistant Principal
